

Our policy is to reduce the impact of Interloopmailer's operations on the environment. The goal is to promote sustainability and environmental awareness at all levels at the company by:

- Measuring and analysing the carbon footprint of our business activities in conjunction with other climate change mitigation and adaptation efforts.
- We pledge to plant two trees with every Interloopmailer order.
- All of our Interloopmailer's will be packaged in recyclable boxes and plastic-free e-commerce packaging.
- Our Interloopmailer's will be produced with the following materials to ensure they are 100% environmentally friendly:

FSC- sourced from sustainably managed forests.

Recycled- 100% recycled.

Carbon Balanced- in conjunction with the World Trust, the material's carbon footprint is offset and client will receive a pdf certificate showing how much carbon has been saved.

Biodegradable Laminate- made to degrade in landfill. Containing oxo-biodegradable additives, which will break down the film once it comes into contact with heat, oxygen and microorganisms found in nature.

Tape - Eco friendly Double sided tape which is solvent free, acid free and Non Toxic.

Ink - Vegetable based, meaning the inks use vegetable based oils as a carrier rather than chemically derived oils like petroleum.
